

MANUFACTURED HOUSING

While other lenders have pulled out of the manufactured housing market, we have stood by the Broker and Correspondent Community by offering a wide variety of manufactured housing financing options. With available programs ranging across FHA, VA, USDA, Fannie Mae and Freddie Mac delivery options, we are able to successfully meet the needs of a growing manufactured housing market.

A manufactured home is a complete dwelling designed for year-round living and substantially constructed in a factory. It conforms with a National Building Code developed in 1976 by the U.S. Department of Housing and Urban Development (HUD).

FHA HIGHLIGHTS

- 580 Minimum qualifying credit score with AUS approv/eligible, 620 with manual
- Floor area no less than 400 square feet
